

2023 Tzedek Seminar

Packing list

Michigan weather can vary and change quickly! Please pack clothing layers that will ensure your camper is comfortable during the weekend. Please note that chanichimot (campers) will be sleeping on floors at the chosen destination so please bring pajamas and bedding that will work for this shared environment. We strongly recommend a sleeping mat or pad with your sleeping bag. Also, please note there are no showers.

Simple, inexpensive, sturdy clothing is sufficient. Send only what your child will use and please label your child's clothing to help identify lost clothing. All of your camper's possessions should be labeled clearly and securely with their full name. Sewn-in or iron-on labels are the most dependable, permanent, and legible way to make your camper's clothes identifiable. All articles of value should be left at home.

When packing, we request that you help your camper choose clothing that is respectful and appropriate. Camp does not accept responsibility for loss or damage to clothing, equipment (including sports equipment or musical instruments), or personal effects of our campers or counselors.
